ABOUT UNIVERSAL POWER TECH

Universal Power Tech was established in 2009.

We are an ISO 9001:2015 certified company. We are a trusted name in the field of turnkey projects solution for electrical engineering and contracting, delivering high-quality solutions in **design, supply, installation, testing, and commissioning** of electrical systems. With a strong focus on safety, innovation, and client satisfaction, we serve a diverse range of sectors including **industrial, commercial, residential and infrastructure projects.**

Backed by a team of certified engineers, skilled technicians, and experienced project managers, we deliver comprehensive, end-to-end electrical contracting services from conceptual design to final project handover. Whether it's new construction, system upgrades, or preventive maintenance, we apply industry best practices and adhere to both **Indian and international standards, including IEC, NEC, and BS**, to ensure reliability, safety, and efficiency. Our unwavering commitment to excellence, on-time delivery, and cost effective solutions has earned us a trusted reputation across the industry.

UNIVERSAL POWERTECH, we firmly believe that electricity is the cornerstone of a high-quality, modern life. It powers progress, drives innovation, and sustains the very infrastructure of our daily lives. Recognizing the ever-growing need for reliable electrical solutions, we are committed to providing top-tier products and services that harness the full potential of electrical energy.

We aim to be a **best-in-class provider** delivering innovative, efficient, and sustainable electrical design, supply, installation, testing, and commissioning services. With a customer-centric approach, we blend technical excellence with industry best practices to meet the evolving needs of industrial, commercial and residential sectors.

At **UNIVERSAL POWERTECH**, our mission is to deliver the highest quality electrical products and services that consistently exceed our clients' expectations. We are dedicated to maintaining the highest standards of professionalism, safety, and technical excellence in every project we undertake.

As we grow, we are committed to continual expansion —investing in cutting-edge equipment, advanced technologies, and modern facilities to better serve our customers. Through innovation, integrity, and a customer-focused approach, we strive to be a trusted leader in the turnkey electrical projects solution in industrial, commercial and residential sectors.

OUR CORE VALUES

- **At Universal Powertech, our values shape everything we do—from project execution to client relationships and service delivery:**
 - » **Quality & Excellence**
We strive for perfection in every task, ensuring the highest standards in electrical installation, testing, and commissioning.
 - » **Safety First**
We prioritize safety for our teams, clients, and communities by adhering to rigorous industry safety standards and best practices.
 - » **Customer Commitment**
We build long-term partnerships by listening to our clients, understanding their needs, and delivering reliable, tailored solutions.
 - » **Innovation & Technology**
We embrace the latest advancements in power system analysis and electrical solutions to stay at the forefront of the industry.
 - » **Integrity & Professionalism**
We conduct our business with transparency, accountability, and respect—ensuring trust in every engagement.
 - » **Reliability & Support**
From general electrical supplies to post-installation maintenance, we stand by our clients with dependable service and technical support.
 - » **Sustainability**
We advocate for energy-efficient systems and eco-friendly practices that contribute to a smarter, greener future.

▶ OUR SERVICES

Universal Powertech provides end-to-end electrical solutions with a focus on safety, quality, and reliability. Our team is equipped to handle projects of all sizes across industrial, commercial and residential sectors.

▶ Electrical Design & Consultancy

At Electrical Design & Consultancy (EDC), we specialize in delivering comprehensive, code-compliant electrical design solutions for industrial, commercial and residential projects.

Our Core Services Include

- ✓ Electrical System Design
- ✓ Load Calculations & Energy Audits
- ✓ Electrical CAD & Documentation
- ✓ Code Compliance & Regulatory Consulting
- ✓ Short Circuit, Arc Flash & Coordination Studies
- ✓ Sustainable & Renewable Systems

▶ Projects

Turnkey Electrical Projects

- ✓ Project Planning & Design
- ✓ Procurement & Installation
- ✓ Testing, Commissioning & Handover

Turnkey Fire Fighting Projects

- ✓ System Design & Engineering
- ✓ Material Supply & Installation
- ✓ Testing, Commissioning & Handover

CCTV And Data Network Projects

- ✓ System Design & Engineering
- ✓ Material Supply & Installation
- ✓ Testing, Commissioning & Support

▶ OUR SERVICES

▶ Renewable Energy & Energy Efficiency Solutions

At Universal Powertech, we are committed to driving a sustainable future by offering cutting-edge renewable energy systems and energy efficiency solutions. Our services help clients reduce energy costs, lower carbon footprints, and comply with green building standards.

Solar Power Systems

- ✓ Design, supply, and installation of solar PV systems (on-grid, off-grid, hybrid)
- ✓ Solar system monitoring and maintenance

Backup Power Systems

- ✓ Solar-powered backup and UPS solutions
- ✓ Diesel-generator and solar hybrid integration
- ✓ Off-grid energy systems for remote locations

▶ Energy Efficiency Services

Energy Audits & Assessments

- ✓ Site inspections and energy usage analysis
- ✓ Identification of inefficiencies and cost-saving opportunities

Lighting Efficiency Upgrades

- ✓ LED retrofitting and smart lighting systems
- ✓ Motion sensors, daylight harvesting, and dimming controls

Power Quality & Load Management

- ✓ Power factor correction and harmonics filtering
- ✓ Demand-side management and load optimization

▶ Annual Maintenance Contract-Electrical Systems

- ✓ Transformer Oil Filtration Services
- ✓ HT and LT Breakers Servicing

- ✓ All type of PCC, MCC, APFC Panel Repairing And Modification Work
- ✓ Earthing Repairing and Testing

KEY PERSON OF THE COMPANY

Mr. Nandkishor Dhoke

Managing Director

Mr. Nandkishor Dhoke is a seasoned electrical engineering professional with over 15 years of experience in the electrical and project management sectors. He holds a Bachelor of Engineering (BE) in Electrical Engineering from Nagpur University (2009), an MBA in Project Management (2018), and an Advanced Diploma in Electrical Engineering Design.

He joined Universal Powertech in 2009 with the vision of expanding the company's market presence and enhancing client engagement through his analytical thinking and outstanding interpersonal skills.

His leadership and dedication continue to drive the company's growth, innovation, and reputation for excellence in the electrical contracting industry.

Mrs. Deepika Dhoke

Managing Director

Mrs. Deepika Dhoke has completed her Bachelor of Engineering (BE) in Electronics from Nagpur University in 2011. She possesses strong expertise in MEP designs, Project Management Consultancy (PMC), and the execution of industrial, commercial, and residential projects.

She joined Universal Powertech in 2019 with the mission to support the company's growth and help it reach its full potential. With an overall experience of 5 years, she brings valuable technical knowledge and leadership to the organization.

Her focused approach and commitment to excellence contribute to successful project deliveries and client satisfaction across various sectors.
